The 30th Annual Mary Mulready
Sullivan Oncology Symposium

Bladder Cancer: Innovations in Optimizing Cure and Quality of Life

Tuesday, May 14, 2019

Session 1

7:30 am to 1:30 pm
1:30 to 3:30 pm, optional live surgery viewing
in CESI Center

Hartford Hospital Education &
Resource Center (ERC)
Heublein Hall, 560 Hudson St., Hartford

Session 2

4 pm to 8 pm

The Connecticut Convention Center
100 Columbus Blvd., Hartford

Sponsored by the Mary Mulready Sullivan
Oncology Lectureship Fund

**Hartford
HealthCare**
Cancer Institute
at Hartford Hospital

Program Description

According to the American Cancer Society's Cancer Facts and Figures 2019, an estimated 80,470 new cases of bladder cancer will be diagnosed in the U.S. in 2019, with 1,160 in Connecticut and approximately 5,000 throughout New England. The incidence of bladder cancer is about four times higher in men than women and two times higher in white men than black men. After decades of slowly increasing, however, the rates of bladder cancer declined from 2006 to 2015 by about 1 percent per year in both men and women. It remains the fourth most common cancer diagnosis in American men.

The death rate from urinary bladder cancer between 2007 and 2016 was stable in men and decreased by 0.4% per year in women. In 2019, an estimated 17,670 deaths will result from bladder cancer.

Smoking is the most well-established risk factor for bladder cancer, accounting for almost half (47 percent) of all cases in the U.S. Risk is also increased among workers in the dye, rubber, leather and aluminum industries; painters; people living in areas with high levels of arsenic in the drinking water; and those with certain bladder birth defects or long-term urinary catheters.

There is currently no screening method recommended for people at average risk. People at increased risk may be screened by cystoscopy examination of the bladder wall, microscopic examination of cells from urine or bladder tissue or using other tests.

Bladder cancer is usually detected early because there is blood in the urine or other symptoms, including increased frequency or urgency of urination or pain or irritation during urination.

The five-year relative survival rate for bladder cancer is 77 percent. Half (51 percent) of all cases are diagnosed before the tumor has spread beyond the layer of cells in which it developed (in situ), and the five-year survival is 95%.

This year's Mary Mulready Sullivan Symposium features nationally-recognized thought leaders who will inform those in attendance about the most innovative care strategies for bladder cancer. The morning session will also feature live feeds from a radical surgery in the Hartford Hospital OR. The afternoon/evening session will feature a case-based panel approach. Live simulcast of the symposium is available to members of the Memorial Sloan Kettering Cancer Alliance.

Program Objectives

1. Comprehend the demographic trends of bladder cancer and overall division of approaches based on disease extent.
2. Understand surgical and topical immune and chemotherapy approaches for superficial bladder cancer.
3. Assess treatment of muscle invasive and advanced bladder cancer scenarios with combinations of systemic and local therapies.

Guest Faculty

Dean Bajorin, MD, FACP

Frederick R. Adler Senior Faculty Chair, Department of Medicine, Memorial Sloan Kettering Cancer Center
Professor of Medicine, Weill Cornell Medical College

Bernard H. Bochner, MD

Attending Surgeon, Urology Service, Sir Murray Brennan Chair in Surgery, Memorial Sloan Kettering Cancer Center
Professor, Department of Urology, Weill Cornell Medical College

Kirk A. Keegan III, MD, MPH

Assistant Professor, Department of Urologic Surgery
Vanderbilt University

Hartford HealthCare Faculty

Colleen Brown, APRN

Tallwood Urology & Kidney Institute
Hartford HealthCare

Ryan P. Dorin, MD, FACS

Urologic Oncology and Robotic Surgery
Tallwood Urology & Kidney Institute, Hartford HealthCare

Jeffrey Kamradt, MD

Medical Oncology, Hartford HealthCare Cancer Institute

Anoop Meraney, MD

Section Chief, Urologic Oncology
Tallwood Urology & Kidney Institute, Hartford HealthCare

Colleen Mulkerin, MSW

Co-Director, Palliative Care Program
Director, Social Work, Hartford Hospital

Maryann Steed, APRN

Palliative Care Program, Hartford Hospital

Joseph Wagner, MD

Urologic Oncology and Minimally-Invasive Surgery
Hartford Healthcare Medical Group
Tallwood Urology & Kidney Institute
Director of Robotic Surgery, Hartford Hospital

Session 1 Bladder Cancer Management 2019 *Heublein Hall, Education & Resource Center (ERC)*

- 7:30 – 8:15 **Registration and Check In**
- 8:15 – 8:30 **Greetings**
- 8:30 – 9:15 **Review of Non Muscle Invasive Bladder Cancer Guidelines**
Kirk Keegan, MD
- 9:15 – 9:30 **Live Surgery Feed** – Anoop Meraney, MD, and commentator from HH OR
- 9:30 – 10:15 **Surgical Management of Invasive Bladder Cancer: Outcomes and Role of New Technologies.**
Bernard Bochner, MD
- 10:15 – 10:30 **Break**
- 10:30 – 11:15 **Urothelial Cancer: New Treatment Paradigms and Their Biologic Basis**
Dean Bajorin, MD
- 11:15 – 11:30 **Live Surgery Feed**
- 11:30 – 12:15 **The Ins and Outs of Urinary Diversions**
Colleen Brown, APRN
- 12:15 – 12:30 **Lunch**
- 12:30 – 12:45 **Live Surgery Feed**
- 12:45 – 1:30 **Panel Discussion**
- 1:30 – 3:30 **Live Surgery Feed**

Session 2 Case-Based Approach to Bladder Cancer *Connecticut Convention Center, Ballroom A*

- 4:00 – 4:30 **Registration and Check In**
- 4:30 **Greetings** Anoop Meraney, MD
- 4:30 – 5:40 **Panel 1 – Management of Low-Grade, Early Stage Bladder Cancer**
Joseph Wagner, MD, moderator
 - 4:30-4:35 **Case Presentation**
 - 4:35-4:50 **Kirk Keegan, MD**
 - 4:50-5:05 **Bernard Bochner, MD**
 - 5:05-5:20 **Discussion**
- 5:20 – 6:00 **Dinner**
- 6:00 – 7:05 **Panel 2 – Management of Muscle Invasive Disease**
Ryan Dorin, MD, moderator
 - 6:00-6:05 **Case Presentation**
 - 6:05-6:20 **Kirk Keegan, MD**
 - 6:20-6:35 **Dean Bajorin, MD**
 - 6:35-6:50 **Bernard Bochner, MD**
 - 6:50-7:05 **Discussion**
- 7:05 – 8:00 **Panel 3 – Management of Advanced Disease**
Jeffrey Kamradt, MD, moderator
 - 7:05-7:10 **Case Presentation**
 - 7:10-7:25 **Dean Bajorin, MD**
 - 7:25-7:40 **Colleen Mulkerin, MSW and Maryann Steed, APRN**
 - 7:40-8:00 **Discussion**

Sponsored by the Mary Mulready Sullivan Oncology Lectureship Fund

Physician CMEs

Hartford HealthCare is accredited by the Connecticut State Medical Society (CSMS) to provide continuing medical education for physicians. Hartford HealthCare designates this live activity for a maximum of 7.00 AMA PRA Category 1 Credit(s)[™] Physicians should claim only the credit commensurate with the extent of their participation in this activity.

Nursing CNEs

This activity has been submitted to Hartford HealthCare for contact hours. Hartford HealthCare is an approved provider of Continuing Nursing Education by the Connecticut Nurses' Association, an Accredited Approver by the American Nurses Credentialing Center's Commission on Accreditation.

Parking – 500 Hudson Street Garage

Subsidized parking will be provided in the Hudson Street Garage. Upon entering, give your name to the attendee for the Sullivan Symposium.

Complimentary valet parking is available at the ERC entrance. Free parking is also available in the Hudson Street Garage

Directions

Connecticut Convention Center
100 Columbus Blvd., Hartford, CT 06103

Coming from I-84 East

Take Exit 52 to I-91 South toward New Haven. Take Exit 29A – Capitol Area/Convention Center (right exit). Take the first exit – Columbus Boulevard/Convention Center (right exit). Turn right onto Columbus Boulevard. The Convention Center and its attached parking garage are located immediately on the right

Coming from I-84 West/Route 2 West

Take Exit 54/Downtown Hartford (left exit). Stay in the left lane over the Founders Bridge. At the bottom of the bridge, turn left onto Columbus Boulevard. The Convention Center and its attached parking garage are on the left side of Columbus Boulevard.

Coming from I-91 North

Take Exit 29A – Capitol Area/Convention Center (left exit). Stay in the right lane. Take the first exit on the right – Columbus Boulevard/Convention Center. Turn right on Columbus Boulevard. The Convention Center and its attached parking garage are located immediately on the right.

Coming from I-91 South

Take Exit 29A – Capitol Area/Convention Center (right exit). Stay in the right lane. Take the first exit on the right – Columbus Boulevard/Convention Center. Turn right on Columbus Boulevard. The Convention Center and its attached parking garage are located immediately on the right.
